

Study Tools and Games

All of these resources are free and the majority do not require you to download any software, it is all done through your web browser (there are a few exceptions). Click on the pictures for links to the sites. You can also share your resources on our [forum](#).

Online Quizzes

Create practice quizzes that have their own web address or embed them on your website.

[Click Here for an Example](#)

Jeopardy

This site allows you to create your own Jeopardy template for free. You can view it online or download it.

[Click here for an example.](#)

Flash Cards

Create flashcards with text, images, and videos. Embed on them on your site, view them on mobile platforms, or print them out.

EASY NOTECARDS

Crosswords and Word Searches

Games are a great way to introduce vocabulary to your students. These sites provide direct links to your games, allow you to embed them on a website, and print them out.

Note Taking - Graphic Organizers

These sites have free note taking templates that you can modify, download, and print. Templates include: Compare/Contrast, K/W/L Charts, Concept Maps, and much more.

Randomly Selecting Students

These programs randomly select student names. This can be used when asking students questions or for creating groups. Random Name Generator is online and the other two programs are for Android phones and have more functions (iPhone also has similar apps).
