

## Utility and File Editing Applications

All of these resources are free and the majority do not require you to download any software, it is all done through your web browser (there are a few exceptions). Click on the pictures for links to the sites. You can also share your resources on our [forum](#).

### File Converter

Allows easy conversions of image, document, music, video and compression formats.

### File Sharing

Share and store multiple files online.

Send large files easily through email or a direct link.

### Document Editor

Upload any type of document and edit, add text, highlight, and more. Save the new document, create a link, or embed on your website.

### Merge PDFs

Merge multiple PDFs into one file and download.

### Webpage to PDF

Turn webpages into downloadable PDFs just by entering the url.

### Task Managers & To Do Lists

Easily manage your tasks and to do lists. You can also share with others.

### Schedule Meetings

Matches availability of participants and finds the best times to meet.

### ScreenCast/ScreenShare Applications

These free online applications allow you to capture videos of your computers onscreen action or share your screen with someone else. You can record screencasts, tutorials, demonstrations, lectures and more. After saving a screencast these sites allow you to share them through email, direct links, embedding on your website, and more.

### Plagiarism Checker

This is a free alternative to Turnitin.com. Just copy and paste the text into the website and it will check for its authenticity. You can also download a desktop version as well.
